GB User manual

Enjoy the advanced features of this new technological product that we have developed with the maximum guarantees for you.

INTRODUCTION

Soyntec® thanks you for buying the Keyboard Inpput™ T110. We wish you enjoy using it.

The keyboard Inpput T110 is a traditional reference conceived with a design for an easy use. Their quiet keys and pleasant tact assure a total control with each pulsation.

We recommended reading this user manual in order to enjoy the product in a safe way and with the best features.

CARE AND MAINTENANCE

- Do not expose your Inpput™ T110 to shakes, dust, direct sun light, moisture or extreme temperatures.
- Do not use abrasive or corrosive cleaners.
- Keep the device clean and without dust with a soft and dry cloth.
- Use the power cable of your Inpput™ T110 in order to connect the device at the grid circuit.
- Do not disassemble the device. Any repair work must be performed by qualified Energy Sistem Soyntec's personnel.
- Keep distance to water or moisture that may be harmful to the product.

KEYBOARD INSTALLATION

CAUTION

If you have installed another keyboard driver on your computer, please uninstall it before proceed. Windows 98 or higher is necessary for the correct product installation.

Please note that in order to install the keyboard you need a free PS/2 connector in your computer.

Connect the PS/2 connector to a corresponding free port of your computer like the Picture 1 show. The operating system will detect it and it will be ready to use.
